

Virtual Basic

For When You Can't Leave Your Home

The PSIvet Healthcare Initiative is re-doubling efforts to help our members and their employees during these uncertain and distressing times. In response, we are adding the Virtual Basic plan to the current product offering. This product has both Telephonic and Video capabilities. Priced at \$17 or \$27 per month, depending on the pharmacy benefit selected, the benefit includes your employees' entire household. The plan helps families with over 70% of their routine needs:
